Traditional pediatric care is often based on the assumption that parents have the basic knowledge and resources to provide a nurturing, safe environment and to provide for the emotional, physical, developmental, and health care needs of their infants and young children. Unfortunately, many families have insufficient knowledge of parenting skills and an inadequate support system of friends ...

Parenting or child rearing is the process of promoting and supporting the physical, emotional, social, and intellectual development of a child from infancy to adulthood. Parenting refers to the intricacies of raising a child and not exclusively to the biological relationship. The most common caretaker in parenting is the biological parent(s) of the child in question, although others may be an ...

The biggest question I have gotten since starting this site (The IF Life) in 2008, is how to effectively use Intermittent Fasting (also known simply as IF, hence the name of the site) to achieve their goals and maximum results.. It is also the main reason I started this website, to help spread all the information below.

## **Intermittent Fasting 101 : The IF Life**

There are two key items ELLs need in order to improve their English time and practice. There is nothing teachers can do to rush English acquisition, but there are many ways to provide opportunities to practice English in the classroom.

## **Five Things Teachers Can Do to Improve Learning for ELLs**

"Management Essentials" is a course that's designed to help new and recently appointed managers better understand their role in leadership. Through this course you will find out exactly what you need to learn about managing teams, as well as whether you can recall the information at the end of each lesson, and how to apply this information to your specific situation.
