The term Deluge (Polish: pD¾tD¾N€ szwedzki, Lithuanian: ÅivedÅ³ tvanas) denotes a series of mid-17th-century campaigns in the Polishâ€™Lithuanian Commonwealth. In a wider sense it applies to the period between the Khmelnytsky (Chmielnicki) Uprising of 1648 and the Truce of Andrusovo in 1667, thus comprising the Polish theatres of the Russo-Polish and Second Northern Wars.

A flood myth or deluge myth is a narrative in which a great flood, usually sent by a deity or deities, destroys civilization, often in an act of divine retribution. Parallels are often drawn between the flood waters of these myths and the primaeval waters found in certain creation myths, as the flood waters are described as a measure for the cleansing of humanity, in preparation for rebirth.
