Alternative approaches to the design of four-burner stoves

Unilever was a founding member of the European Partnership for Alternative Approaches to animal testing (EPAA), a voluntary collaboration between the European Commission, trade associations and companies from seven industry sectors. It promotes the development and implementation of alternative methods for safety testing.

Developing alternative approaches to animal testing

Empowerment Evaluation. This approach, as defined by Fetterman (2001), is the "use of evaluation concepts, techniques, and findings to foster improvement and self-determination" (p. 3). The major question characterizing this approach is, "What are the information needs to foster improvement and self-determination?" Organizational Learning.

Evaluation Models, Approaches, and Designs
