

american constitutional law power pdf

Constitutional law is a body of law which defines the role, powers, and structure of different entities within a state, namely, the executive, the parliament or legislature, and the judiciary; as well as the basic rights of citizens and, in federal countries such as the United States and Canada, the relationship between the central government and state, provincial, or territorial governments.

Constitutional law - Wikipedia

The United States Constitution is the supreme law of the United States. The Constitution, originally comprising seven articles, delineates the national frame of government. Its first three articles embody the doctrine of the separation of powers, whereby the federal government is divided into three branches: the legislative, consisting of the bicameral Congress (Article One); the executive ...

A constitutional republic is a form of government, where the head of state and other representatives are elected from a group of people. It also means that there is a constitution. The constitution says how the state may be run. The constitution limits the power of each officeholder. Constitutional republics usually have a separation of powers. This acts so that no single officeholder can get ...
